## MISSION:

We Provide Students the Academic & Life Skills Needed for Post-Graduation Success by Incorporating Research-based Best Practices in an Innovative and Safe Learning Environment.

## VISION:

To ensure our students leave the School proud of their accomplishments and hopeful about their future; equipped with the academic and practical skills for lifelong success.

## Academic Goals

Our goal is to provide all students with the supportive academic, employability, and life skills training they need to earn a high school diploma and succeed in life. Gem City Career Prep accomplishes this goal by the following:

- Providing developmentally appropriate academic instruction through state-of-the-art, research-based curricula that meet the educational needs of each student and allow each student to begin at the correct academic level and advance at his or her own pace. Fifty percent of students enrolled in a full academic year and who have 60% in-seat attendance will earn four credits per academic year.
- Providing needed social counseling for students who face significant social barriers to attendance and educational advancement.
- Teaching valuable life skills courses, job readiness training and employment preparation and placement as well as the required basic academics, in order to prepare our students for success in the workplace and in the classroom. One hundred percent of the School's graduates will have completed an employability skills course.

## Our Program

Gem City Career Prep High School offers its students a standards based, computer assisted learning environment where teachers guide and support our drop out recovery students as they work toward a high school diploma. The staff at Gem City includes Properly Licensed Teachers who engage students in learning best practices. Students can work at their own pace to recover credits and get individualized support they need.

As a student enters Gem City Career Prep High School they participate in a critical evaluation of their academic abilities and learning skills designed to create a tailored plan for learning. Past credits are included in the student's learning plan. STAR scores and other pertinent data are used to create a clear road map to their diploma completion and post-secondary goals. Our curriculum is mapped to Ohio's Learning Standards for all core courses. Gem City was in attendance 170 days/935 hours of instructional time for the 2023-2024 school year.

Gem City Career Prep High School offers students who are at-risk of dropping out, or who may have already dropped out of traditional high school, the opportunity to re-engage and earn a state-recognized diploma. Students who would otherwise opt for a diploma equivalent have the opportunity to graduate from Gem City Career Prep High School on time. The State of Ohio calculates the number of students who enter the 9th grade for the first time, adjusts for population, and formulates its projection of the number of students who actually earn a diploma four years later in determining a school's graduation rate. Based on the state's calculations, Gem City Career Prep High School 4th, 5th, 6th, 7th and 8th year graduation rates for the 2023-2024 school year are shown to the left. Gem City Career Prep High School continues to strive to increase that percentage every year and is proud of our results considering these students would not have graduated otherwise.
