- Support student success

Our Program

The School offers its students a standards based, computer assisted learning environment where teachers guide and support our drop out recovery students as they work toward a high school diploma. Our team of Properly Licensed Teachers engage students in the curriculum and provide an engaging classroom where students succeed. Students can work at their own pace. During Discovery, right after enrolling at Mason Run, students participate in an evaluation of their academic abilities and learning style designed to provide data that will assist in the creation of a tailored plan for the student's educational journey at Mason Run. Our curriculum is aligned with the Ohio Learning Standards for all courses.

Our school was open for 173 days/951.5 hours of instructional time during the 2022-2023 school year.

The State of Ohio calculates the number of students who enter the 9th grade for the first time, adjusts for population, and formulates its projection of the number of students who actually earn a diploma four years later in determining a school's graduation rate.
