

Parent Right to Know Letter

To: All Parents

From: Skyway Career Prep

Date: 11/12/24

Re: Parent Right to Know Letter

As a parent/guardian or adult student at Skyway Career Prep you have the right to know the results of your child's state assessments. This is a requirement for all districts that receive Federal funds. Federal law allows you to request the results of your student's state assessment data. The law also requires the district to give you this information in a timely manner upon request. Skyway will mail the state testing data to your home address. If you have moved from the address we currently have on file, please bring proof of residency to the main office.

Please contact Kerry Keese at 419-241-5504 if you have any questions or concerns.
